Monthly Medication Inspection Form

This checklist is to be completed every month by a clinic Nurse to ensure compliance with applicable Federal standards and regulations. Please date (dd/mm/yy) and sign every month. The inspection will encompass a review of all medications stored in the site laboratory, and shall include inspection of Stock and for the Assistance in the Self-Administration of Medications.

Medications having exceeded their expiration date, those which are unusable or not to be released to the Recipient, and those with an illegible or missing label are removed and discarded.

DATE	SIGNATURE OF NURSE

* Disposal of stock medication is documented on the *Stock Medication Disposal Log*; disposal of medication for Assistance in the Self-Administration is documented on the *Medication Disposal Log Assistance in the Self-Administration of Medication* form. Stock Controlled Substances are additionally documented on the *Controlled Substance Record*.
